What's New on the Police Front

The Wilmington Police Department, in keeping with the tradition of providing information in that you and your families may have a safe and incident free Holiday Season, would again like to offer the following home safety tips for those that will be traveling during Thanksgiving and the Christmas Holidays. If you plan to be gone for several days, please notify WPD and request a Residence/Business Check. This information will let district officers know to keep a watchful eye out between calls for service. To obtain this service, please call 910-343-3600 or 910-341-0111.

Don't let the rush and excitement of the holiday season make you careless in protecting your home from potential criminals. The holiday season is a time when busy people can become careless and vulnerable to theft and other holiday crime. The following tips can help you be more careful, prepared and aware during the holiday season.

- Be extra cautious about locking doors and windows when you leave the house, even for a few minutes.
- When leaving home for an extended time, have a neighbor or family member watch your house and pick up your newspapers and mail.
- Indoor and outdoor lights should be on an automatic timer.
- Leave a radio or television on so the house looks and sounds occupied.
- Large displays of holiday gifts should not be visible through the windows and doors of your home.
- When setting up a Christmas tree or other holiday display, make sure doors and passageways are clear inside your home.
- Be sure your Christmas tree is mounted on a sturdy base so children, elderly persons or family pets cannot pull it over on themselves.
- If you use lights on your Christmas tree ensure the wiring is not damaged or frayed. Frayed or damaged wiring can cause a fire.
- Place your Christmas tree in water or wet sand to keep it green.
- Never place wrapping paper in your fireplace.
- Make sure that your holiday lights, decorations and other electrical products have the UL Mark. Underwriters Laboratories (UL), a leader in product safety testing and certification services has created a national safety campaign, Safety at Home, that provides home safety tips and provides consumers with simple and practical ways to make their homes safe.

- Be extra careful with your valuables. Thefts and robberies normally increase during the holiday season, while more people are out shopping. Carry your valuables close to you and do not leave them visible in your vehicle. Protect your credit card numbers and other personal information.
- Carry a cell phone. If someone is acting in a suspicious manner or you are a victim or witness to a crime, call 911 immediately.
- Be aware of your surroundings. Use common sense and secure your purse or wallet, stay in well-lit areas, and avoid less-traveled areas late at night.
- Keep all car doors locked and windows closed while in or out of your car. Set your alarm or use an anti-theft device.
- If you must shop at night, park in a well-lighted area.
- Avoid parking next to vans, trucks with camper shells, or cars with tinted windows.
- Park as close as you can to your destination and take notice of where you parked.
- Never leave your car unoccupied with the motor running or with children inside.
- Do not leave packages or valuables on the seat of your car. This creates a temptation for thieves. If you must leave something in the car, lock it in the trunk or put it out of sight.
- Be sure to locate your keys prior to going to your car.
- Keep a secure hold on your purse, handbag and parcels. Do not put them down or on top of the car in order to open the door.
- When approaching and leaving your vehicle be aware of your surroundings.
- Do not approach your car alone if there are suspicious people in the area.
- Ask mall or store security for an escort before leaving your shopping location.
- Don't drink and drive. More traffic accidents occur during the holiday season. Stay safe by taking public transportation, designating a sober driver or taking a taxi service. Driving on shopping trips during the holidays requires some extra safety precautions.
